Once you submit this request we will send a DEKRA-TRS diesel technician to inspect the unit in question. If we cannot complete the inspection within seven days from the time of the request or if the condition report will not be available at least two days before the auction, we will notify you. Otherwise, you will receive an email when the report is done. You will then be directed to a link that will take you to a payment screen where you can pay by credit card. Once the payment is processed you will receive another email with an ID and Password that will enable you to see the report and photos on the DEKRA-TRS website. In addition, you can call 888-790-6996 if you need any help with this process.

The price of the condition report is \$125. However, if more than one bidder purchases a report for the same unit; your price will go to as low as \$50. A pricing schedule follows:

1 Bidder Purchases a Condition Report	-	\$125
2 Bidders Purchase a Condition Report for the Same Unit	-	\$75
